# Grand'Ó 8kg Washer

## Large load - exceptional value

Candy Grand'Ó incorporates the latest innovative technology to provide a bigger, more outstanding wash and better energy efficiency.

The extra large 8kg capacity means you can wash more laundry in fewer loads, thereby freeing up your valuable time.

The higher, wider door ensures that the large load or bulky items can be loaded and unloaded without a struggle.

We also understand that energy efficiency is important to you, which is why all of our full sized washing machines have an 'A+' energy rating.

### Grand'Ó Shiatsu WASH SYSTEM

The 8kg Grand'Ó features an innovative Shiatsu wash system that, as well as providing outstanding 'A' wash performance gently massages the clothes thanks to the newly designed raised dimples to ensure perfect results.

Fast Wash, Stain Vanish and Allergy Care programmes provide the additional features to help with all your washing needs.

04

# NEW Grand'Ó 40cm Washer

## Big performance - small space

Candy's innovative design technicians have done it again!

Having developed the ground breaking new drum technology for the Grand'Ó 8kg, they have been able to reduce the depth of the 6kg Grand'Ó to just 40cm. That's 33% slimmer than a standard washing machine!

Ideal for smaller kitchens, bedsits and apartments.

05

## Space Saving Electronic Slimline 45cm Dishwasher

Just 45cm wide, this space saving dishwasher can deceptively accommodate 8 place settings.

This class leading 'AAA' rated slimline dishwasher has a choice of 6 electronic programmes and a useful rapid wash cycle makes this a truly unbeatable high performing dishwasher.

### Grand'Ó 8kg Tumble Dryer

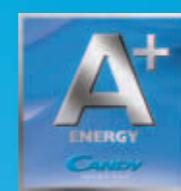

To complement the 8kg Grand'Ó washers Candy now have extra large 8kg condenser and vented dryers.

The generously sized door allows easy loading and unloading. Complete with Fast Iron Cycle and two heat settings, it's ideal for those with busy lifestyles.

# Dishwashers

18

When the party's in full swing, Candy dishwashers turn in a star performance to keep everything sparkling clean.

#### Rapid Wash

Perfect in your wash load, the Rapid Wash option is a real time saver.

#### Adjustable Basket

The height of the upper basket can be adjusted easily to alter and allow larger plates to be stored in it.

#### Auto Half Load

When you only have a few items to wash, the built-in sensor adjusts the water and electricity consumption to avoid wastage.

#### Strong Cycle

The strong cycle eliminates 99.9% of bacteria that may be present in your dishwasher by maintaining a 70°C temperature throughout the wash and rinse phases.

#### Safe Stop Baskets

This feature prevents the upper basket from pulling all the way out when emptying the dishwasher, therefore avoiding any accidents of dropping the basket full of crockery.
